Karen,

Thank you. It looks like there is still some discussion about the ranking?
We met with Mike this morning. By the time we got to the focus areas where EPA wasn't the lead, we were short on time and a bit rushed. My Deputy OD quickly reviewed your proposal and Mike didn't have comments or concerns.

Would you mind sending Bob and me a copy of what DOI sends to OMB? Let us know if you decide to go with just the WQ piece instead of both WQ and Pesticides.

Next step after the material goes to OMB is a OMB/CEQ/Bob P. level meeting on August 11. To prepare for that meeting OW asked for feedback on how the process worked. I believe the focus is going to be on the areas where EPA had the lead, but we wanted to see if you any feedback you wanted to offer or if there were any concerns that you would like Bob P. to raise. I've attached the template for talking points OW sent out. Please let us know if you have anything you want to offer. Please send any talking points to Bob Brown with a cc to me by August 4.

I will be out of the office starting Friday until August 8, so please include Bob Brown on anything you

would send to me.

Thank you again for all your help through this process.

Kristie

Subject: 2013 Bay-Delta Ecosystem Budget Exercise: Consolidated List as submitted by each Federal Agency

Hello everyone. Please find attached a consolidated list of the information submitted by each agency for the 2013 Bay-Delta Ecosystem Budget exercise. This list is provided by agency in alphabetical order and includes the information each agency submitted verbatim. Based on our discussion yesterday, I thought you would all appreciate seeing the projects/programs submitted by the other agencies.

My staff and I are working this morning to develop a "first-cut" at ranking the projects/programs and will provide that as soon as we can for your consideration and input.

Thanks, Sue

Sue Fry
